Ecuador History: Pre-Hispanic Era, Discovery And Conquest, Spanish Colonial Era, Society, Economy, Government, Politics

Synopsis

History of Ecuador. Throughout its history, Ecuador has displayed a continuity in traditional cultural and economic patterns as well as in social and political interaction among the country's highly heterogeneous social groupings. Modern patterns overlay the traditional, making present-day Ecuador a veritable living museum of its varied, rich heritage. Pre-Columbian Ecuador is reflected in the persistence of native languages, customs, and economic activities among a considerable, though diminishing, number of communities in the Sierra (Andean highlands) and the Oriente (eastern region). The legacy of three centuries of Spanish colonial rule is also pervasive and includes a social inequality that largely coincides with race, rural land tenure patterns, and the nation's dominant European cultural expressions

Customer Reviews

This book appears to be the same as a print version by Uzo Marvin. That book covers Ecuadoran history through 1989. If you are interested in a somewhat dated book on Ecuadoran history, you might prefer reading Dennis M. Hanratty, ed. Ecuador: A Country Study. Washington: GPO for the

Library of Congress, 1989, available free on the Internet. Before you purchase this Kindle book, I strongly recommend that you read the "Auto Note" that appears at the front - you can read that in the "Look Inside" feature on .
