## Customer Reviews

Like new, no markings on jacket or book.

I was pleasantly surprised, and happy to add this book to my personal library on the ancient histories of the world. Chock full of bite size facts that well explain the history of dynastic Egypt without a crap to of useless fluff. If they had the same type of a book covering WWI and WWII I'd grab it fast. I'm currently waiting for the other two publications the publisher currently have available.
