great coverage in detail. wish I had bought the same series map for the counties next to these. they should have city maps on the back.

Plans are to be driving around Cornwall later this year and locations and routes are clearly defined to make driving a bit easier.

This map was fine for travel cross country, but we had to buy another map to find our way around in the cities.

This is an excellent, large scale,foldout map of Devon and Cornwall, and provides an invaluable resource to those visiting the Southwest of England who plan to venture off the main motorways.
