Delivery Girl: A Contemporary Sports Romantic Comedy (Minnesota Ice Book 1)

Synopsis

USA TODAY Bestseller Good things come in extra-large, smoking hot packages. Things like pizza. The very pizzas that I deliver for my dad's restaurant, Peretti's Pizza. It's a temporary job, something to pay the bills until I graduate from school, but it does the trick. In fact, it's working quite well until Ryan Pierce of the Minnesota Stars decides to order a pizza from me, and life as I know it turns upside down. You see, Ryan Pierce doesn't just open his front door. He opens it buck naked. And suddenly, I'm not the one boasting the biggest, hottest package in the room. However, it's what happens next that gives me butterflies whenever my phone beeps. Ryan starts to call, and then text, and then fifteen pizza deliveries and one fantastic night later, we're friends with benefits. So when he asks me to be his fake girlfriend at his brother's wedding, I'm happy to help. But the longer we pretend, the more I worry that this is one package I might not be able to handle. ** * * * * This is a full-length, standalone romantic comedy with an HEA. It is intended for audiences 18+ due to mature content including romance, language, and ridiculously fun times.

I truly enjoyed this story. The characters were so eloquently portrayed and richly thought out. This was a first read for me by this author and will definitely not be the last. The funny moments were hilarious and the sexy moments were beautifully written. Andi & Ryan had no clue what they were getting themselves into and lucky for them it worked like magic! They had a true bond through their friendship that helped nudge them in the right direction down a strong and lovely journey. I was so enthralled with this story that I couldn't put it down. The pages seem to creep up on me and by the time I realized it, it was almost over and my clock turned to 1:30 am. Guess mama us going to be tired during carpool tomorrow!!!5+++++ STARS

This was a seriously great book. I loved each and every moment. With a new author I always have questions and concerns but boy did this author deliver! I laughed at the comic moments in this sweet romance. Sweet and hot all at the same time. I also LOVED that she gave me a cast of secondary characters who each will need sequel love. I hope she has other books to come...and soon. I loved this couple and will need to have them included in some way in the next book. I always love books that give a little look into the future of previous couples so here's hoping. I also want to give a BIG thank you to this lovely author who published this book as a paperback. This is clearly an author who respects all of her readers. As long as she continues this she will have a reader waiting for each and every sequel to come. Great job! denise bailey

Delivery Girl: A contemporary sports romantic comedyReviewed by: Lorraine Leatham - Rainey Day Book ReviewsRating: Five StarsA pizza delivery girl/stand-up comedian on the rise from L.A., a super sexy hockey player from Minnesota and an ice cold sports agent equals chaos as well as some laughter. Not a lot in the way of dirty language - this is one I will be recommending to my mother. There has only been a handful of sports related books that I have truly enjoyed and this is one of them.

It's an absolutely great love story. From start to finish you fall in love with Ryan. He is what every girl dreams and hopes for. And a mother who welcomes you as one of her own. Andi is a girl like many of us. We don't think we're all that great and someone as gorgeous as Ryan would ever fall for us. You'll be cheering for them both to the very end. You really feel the love from them. Great ,

believable writing from Lily Kate. Her 1st book for me. I can't wait to read more of her books.

What a great debut book. Absolutely loved the meet cute of these two characters. The chemistry was off the charts. At times it was down right laugh out loud funny. Looking forward to more in the series and more from this author.

What a great book!! This book was all around good fun and romance. If you want an angst free read this is your book! The little blip towards the end gets resolved so fast that there's no time for your heart to twist. I truly enjoyed this book cover to cover. Andi was hilarious with her quirks and Ryan's insta love at first sight was swoon worthy. This is a great uplifting read!~ Copy received from the author via The Next Step PR & voluntarily reviewed ~

Ryan is super sweet and Andi is an absolute doll. The chemistry, the comedic relief, the love story will have you devouring this book like a Peretti's pizza.

This book was recommended to me by my bestie and she hit this one right out of the park! What a funny, sexy and at times emotional read. I just love Andi and Ryan and how they meet is down right giggle worthy. I can't wait for more books to come from this new author, she has a new fan for life!
