Customer Reviews

I absolutely love this book (and series). My son is learning so much about the saints through this author and illustrator! He comes to me with facts that I wasn't even aware of. He has read it a few times and never seems to grow tired of the books. Thank you!

Good for older kids, maybe 8+ years old.

Good for children.

Saint Francis of Assisi: Messenger of Peace is the life story of St. Francis in a graphic novel format. The book starts off with St. Francis' most famous prayer, "The Canticle of the Sun." I must admit that I find myself struggling with this prayer. Sometimes I like it, and other times it puzzles me. However, it wouldn't be a book about St. Francis if it didn't incorporate this prayer in there. The book then proceeds to cover his entire life from birth to death, including two key events in his life - the vision with the San Damiano Cross and his receiving of the stigmata. Lastly in this book is the

Prayer for Peace, which serves as a perfect close for this book. I really like that this book presents the whole truth of St. Francis' life. St. Francis wasn't born a saint, and this was shown by the way he lived his life before his conversion experience. This book doesn't gloss over these truths about his life, which is greatly appreciated. It also covered in detail, without being too gory, how St. Francis received the stigmata and the unusual treatment he received near the end of his life for an eye disease which afflicted him. The story flows nicely and has little headings in red text to highlight major events for your child. The illustrations are of high quality and will make this saint's story come alive for your grade school or middle school child, though older kids might like it as well.
